ESTABLISHED CATTLEYA PROPAGATIONS

A continually increasing number of orchid growers are building up the quality of their collections, at nominal cost, with Established Propagations from Stuart Low hybrids of Choice and Extra Choice varieties. With two to three years of good growing they will be blooming plants of exhibition quality, worth two to three times what you pay for them. In many instances we have only one piece of each item listed and suggest you indicate a second or third choice when ordering.
